

## POLICE LOOK FOR A. C. SCHACHT

He Is Charged With Having Passed Forged Checks in Two Places.

DISAPPEARS FROM LODGING

MONEY COLLECTED FOR FIRM FOR WHICH HE WORKED.

The police department was asked last evening to locate Albert C. Schacht, formerly an employee of H. B. Windsor & Co., insurance agents, who is alleged to have passed forged checks.

Schacht is charged with having received from George E. Edwards of Ophir, a check for \$40, made payable to the firm for which he worked, and to have cashed the check, failing to turn the proceeds to his employers. Edwards gave the check to Schacht a couple of weeks ago. Later he received a letter from the firm asking for payment of his account. Edwards cashed the firm over the telephone and told them that the check had been sent by him. This was verified later, and it was found that the check had been endorsed with the firm name. It is charged that endorsement is forged.

Schacht is also alleged to have passed a forged check, made payable to him, signed by Ralph Conners, for \$40. This check was deposited with Schimmitt & Co. of the Vienna buffet, who advanced \$10 on the paper. The forgery was discovered later.

Schacht has lived at 30 East Third South street for some time. When inquiry was made at that address last night it was learned that he had not been at his rooms for two days. He had been employed as a solicitor for the firm for about a month.

Big musical treat at Wandamere, Friday, Aug. 10.

## RELIGION IN THE SCHOOLS

"Passive Resisters" in Great Britain May Finally Overcome the State Church.

London, Aug. 8.—A decision given by the court of appeals today touches the question of religious instruction in the voluntary schools, which the notorious "passive resisters" movement under numbers of non-conformists refused to pay the rates levied to cover this expenditure for church schools. The education bill which recently was under discussion in parliament is intended to remedy this state of affairs. In the meantime, the county council of the west riding of Yorkshire had refused to pay teachers for the time devoted to the religious instruction. The board of education then sought the assistance of the courts in the matter with the result that the court of appeals decided in favor of the Yorkshire council.

If this decision should be upheld by the house of lords, whether the case now will be carried, it will be practically accomplished which the bill of Augustine Bertell, president of the board of education, aims at, and, furthermore, it may possibly enable a large number of "passive resisters" to bring action for false imprisonment.

The entire trouble appears to be due to careless drafting of the bill of 1902.

Friday is Stephens' singers' day at Wandamere.

## SOME DOUBT AS TO THE MEANING OF THE POPE

Paris, Aug. 8.—La Croix, the semi-official organ of the French hierarchy, referring to the pope's decision regarding the attitude of the clergy toward the law pending for the separation of church and state, says it is not an approval of church associations nor of the formation of canonical associations conformable with the law. The announcement of La Croix, which appears to be authoritative, has caused much comment and some solicitude, as a confirmation of the report of the vatican's decision to this end probably would intensify the controversy. The accuracy of the announcement, however, is open to some doubt. It is declared in the highest quarters that the terms of the pope's decision will not become public until after deliberation by the French bishops who probably will assemble in Paris before the end of the month.

Stephens' singers, big and little, at Wandamere, Friday, Aug. 10.

Dr. Keith has resumed his dental practice, 503 Scott building, 168 Main.

## LOCAL BRIEFS

**WALROD DISMISSED.**—In the case of H. H. Walrod, charged with obtaining money under false pretenses, which was before Judge Diehl's court yesterday, the witnesses failed to appear against him and he was dismissed.

**ATHLETE IS FINED.**—The trial of Sydney Christy, the athlete, charged with interfering with an officer, was held before Judge Diehl yesterday. W. E. Sloan and Robert Burn appeared as witnesses for the prosecution. He was sentenced to pay a fine of \$5.

**BARBERS DISMISSED.**—The cases against six barbers charged with practicing the barber trade without a license were dismissed by Judge Diehl yesterday on motion of Assistant County Attorney Willard Hansen, who said that the defendants had paid their fees and secured their licenses.

**GERMANS AT WANDAMERE.**—The annual outing of the German societies of Salt Lake and vicinity will be held today at Wandamere. A program of musical numbers has been arranged, and a series of German dances will be given. A special invitation has been issued to all German-speaking missionaries of the Mormon church to attend.

## NO PERCEPTIBLE INCREASE

Davis County Commissioners Fix Salaries of Officers for En-suing Year.

Farmington, Aug. 7.—The county commissioners in regular session yesterday passed an ordinance fixing the salaries of county officers for the ensuing two years.

It had been thought that, inasmuch as Davis county has passed from a ninth class to an eighth class county since the present salary schedule was fixed, the commissioners would probably make moderate increases in salaries all along the line, but after informally discussing the matter with the county officers, the salaries of all except the sheriff and commissioners were left unchanged. The commissioners will each receive \$200 a year instead of \$240, and the sheriff will receive \$200 instead of \$250. The other salaries remain as follows: Assessor, \$201 clerk, \$200 recorder, \$200 treasurer, \$200 attorney, \$200 surveyor, \$200 day for field work and \$1 a day for office work, provided his per diem shall not exceed \$30 in any one year.

The county superintendent of schools will receive \$800 a year instead of \$750. The commissioners yesterday listened to arguments for and against the proposed opening of a new road on a direct line from the business district of Layton to the mountain road, a distance of about two miles. A petition asking for this improvement was before the board.

E. M. Whitesides spoke in favor of the petition, and Hyrum Stewart, John R. Barnes and John H. Green, through whose efforts the road would run, opposed the project, which was finally taken under advisement.

Elder George H. Blood officiated twice yesterday in marriages of Salt Lake and Ogden couples. The first happy pair were John C. Burns of Salt Lake and Miss Fannie E. Boylin, the latter a daughter of John Boylin, the Lagoon landscape gardener.

The other couple were John C. Neal and Jennie C. Marshall, both of Ogden.

## INCREASE WATER SUPPLY

Movement on Foot to Build Two New Dams at Junction.

Richfield, Aug. 8.—A meeting of the directors of the Otter Creek Reservoir company was held in Richfield Saturday afternoon. The plans submitted for the dam for the new proposed reservoir in the Beaver river near Junction, Puite county, were submitted for two dams, one to be 50 feet high and the other a little farther up the river to be 45 feet high. The cost of the first dam is \$12,000, and of the second dam \$4,500. The two reservoirs would cover about 4,000 acres of land and would hold about 30,000,000 feet of water. Either one of these sites would afford convenient facilities for building, the material being right at hand. With the addition of these two reservoirs it would put several thousand more acres of good land into cultivation.

H. G. Durrand, the government postoffice inspector for Utah, was in Richfield Monday inspecting the conditions of the postoffice. The lease for the building now occupied has expired, and Mr. Durrand spent the day looking over the town to see if it would be advisable to recommend a removal. Several good offers were made by the owners of property between Center and Second North streets to put on a suitable building. Mr. Durrand will forward these propositions to the department at Washington, with such recommendations as he may see proper. In any event if the office is moved out of the present building which it occupies, a new building will have to be erected as there is not a vacant building in the city suitable for a postoffice.

A movement is on foot in this city to establish a gymnasium. A list for membership is being circulated around town. Suitable quarters have been obtained in the upper story of the Empire meat market building.

**Th. Bismarck**  
Merchants' Noon Lunch is served daily from 11:30 a. m. to 2:30 p. m., and is greatly enjoyed by its patrons on account of its home style cooking. Everything is clean and well prepared.

Eat your lunch in the Palm garden at the Royal.

## OGDEN NEWS.

Office, 2484 Washington Avenue.

Ogden, Thursday, Aug. 9.

## FRANCHISE UNDER FIRE EMMETT WILL LET GO JOB

Movement Begun by Real Estate Association to Test Validity of Ordinance.

The franchise granted to the Ogden Waterworks company will again be the center of attraction, commencing today, when it is expected that a restraining order to prevent the payment of the \$10,000 by the city for the waterworks people as a bonus for the calling off of all the litigation now existing between the city and it is issuing. The movement to test the validity of the franchise was first started by the Ogden Real Estate Men's association. Since that time O. A. Parmley and H. G. Hess have entered into the matter. Yesterday afternoon Judge C. D. Dey of Salt Lake was taken into the case, and for the present he will assist Attorney J. D. Skeen of this city in handling the case for the persons protesting. Judge Dey is expected to arrive here this morning and as soon thereafter as possible a restraining order will be made.

Yesterday afternoon Attorney Skeen served notice on the city auditor and the city treasurer not to issue the warrant for the \$10,000 and not to pay it if it is issued. The city treasurer, Mr. Agee, and the city auditor, Mr. McCracken, will not enter into the case. Later on, however, they will probably be identified with the prosecution of the waterworks people. Among these are the fact that the franchise was passed through its three readings in one evening without being referred to a committee. Another fact is that the rules require a three-fourths vote of all the councilmen elected to suspend the franchise, and that but six votes were cast in favor of a suspension of the franchise, whereas there should have been seven.

The waterworks company has accepted the franchise as passed and of course it will be up to the city to handle the side of the defense in the action to set aside the franchise.

## PLAN NEW HOSPITAL.

Physicians Propose to Erect Another Institution.

Negotiations are under way for the construction of a new hospital in this city at a cost of \$20,000. For a long time the claim has been made that the present hospital was inadequate to the needs of the city, in addition to the fact that on account of the present hospital being controlled by the city, the physicians have not felt free to use the institution as they should. It is the present arrangement for the new building to be controlled by a stock company, a majority of whom will be local physicians.

## Mrs. Peter Ratty's Death.

Mrs. Peter Ratty died at her home in Marriott yesterday morning, aged 51 years. Death was due to heart trouble. She is survived by a husband and large family. Mrs. Ratty was born in Slater, Illinois and has resided here all her life. Funeral services will be held from the Marriott meeting-house at 2 o'clock tomorrow afternoon. Interment will be in the city cemetery.

## Badge for Miss Hendershot.

Miss Evelyn Hendershot, deputy county clerk, was yesterday the recipient of a silver badge from the local lodge of the B. P. O. E. The badge was a fac simile of those worn by the Ogden Elks at the Denver convention and which was designed by Miss Hendershot. The emblem was suitably engraved.

## Case of Barbers Argued.

The case of the several barbers charged with refusing to take out state certificates, was argued yesterday before Judge J. D. Murphy in the city court yesterday afternoon. At the close of the arguments the court gave the case to the jury to decide, submitting the authorities cited.

## SWIFT & CO. FINED.

Charge Was Selling Meat Unfit for Food—Sentence Held Up.

Vicksburg, Miss., Aug. 8.—In the city court here today Swift & Co., were fined \$100 on a charge of selling meat unfit for food. Officer McKee testified that the meat in question was being delivered to a grocer when he discovered it was unfit for food. It was bought with the understanding that it was in good condition, and was sold to the consumer at 5 cents a pound.

Judge Dickson, who presided at the trial, after imposing the fine, agreed to hold up the sentence until the arrival of officials of the company.

## Picture Framing.

Charles H. Bodell, 23 East First South.

## PROVO NEWS NOTES.

Provo, Aug. 8.—There is considerable interest in business circles here and among the people generally over the agreement between the Butchers and Grocers' association and the Bell Telephone company which has resulted in the members of the association taking out telephones. The association demanded that the company meet the price charged by the independent company, which was \$2 a month. The Bell charged \$3. This the company refused to do on the ground that its service was more extensive than that of the independent company, and therefore worth more. Then the association ordered the phones taken out.

This, however, has caused great inconvenience to those customers of the business men who have only the Bell phone, and in some cases loss in trade to the merchants. But what is worse, from the viewpoint of the merchants, is that the telephone company, or probably rather, some of its stockholders, are figuring on retaliation by starting or inducing to come here a large grocery and meat firm to compete with the firms already established.

There is, however, talk of a meeting between the association and the company with a view to adjusting their differences and reestablishing friendly relations. A marriage license has been issued to Arthur Laycock of American Fork and Thalia T. Iverson of Pleasant Grove. Alma Brown, who had his leg amputated about a year ago, has manufactured an artificial limb for himself, and is now walking around in a manner that would scarcely raise a suspicion that he had not two sound natural legs.

The free reading room has received four fine tables, the gift of the Provo women's clubs, for which money was obtained from Dr. King's lecture last winter. The tables were made in Chicago expressly for the library and were ordered through Taylor Bros. Co.

The Bessey marble works has received a beautiful piece of sculpture for Dr. M. H. Hardy's monument. It is the life-size figure of a woman seated with her head bowed in grief, and is a work of art. The statue will be placed on a Utah granite base when put in position on the grave. Richard Harrison is here from Vernal visiting relatives. J. W. McIntosh of Payson, formerly of this city, suffered from a second attack of paralysis yesterday, and grave doubts are entertained of his recovery. The following postmasters' association, met here today to arrange a program for the convention to be held in Salt Lake Oct. 4 and 5: A. L. Thomas, Salt Lake; John Peters, American Fork; Frank Booth, Brigham City; James T. Driscoll, Eureka; James Cline, Provo.

## CRUSHED BETWEEN CARS

Jesse P. Krauss of Ogden Meets Death by Accident at Evanston.

Jesse P. Krauss, 29 Thirtieth street, and employed as a brakeman on the Union Pacific, was crushed between the cars at Evanston, with terrible results, last evening and died about fifty minutes later. Krauss had been working as a brakeman only nine days, during which time he has been used on the water train. At the time of the accident Krauss stepped between the cars at Evanston, where a switch engine coupled to one of the cars at the opposite end and shoved the cars each way. Krauss was caught between the bumpers just below the arms and terrible crushed. He was a married man, had his own home, and was about 22 years of age and was a son of Leopold Krauss, a Union Pacific passenger engineer.

## NELSON SHOWS AT OGDEN

Lightweight Champion Spars Exhibition—Tame Wheel Races.

(Special to The Herald.)

Ogden, Aug. 8.—Battling Nelson was the center of attraction at the Glenwood saucer track this evening. He sparred three rounds with Terrence Clem Groves, and gave a fair exhibition. When Nelson stepped to the boards he was greeted with tremendous applause.

Perhaps the most interesting feature of the program was the wrestling bout. Pat Cannon, who is matched to meet Mike Yokel, had agreed to throw Harbertson and Ferguson, two of Yokel's pupils, once each in thirty minutes. Cannon disposed of Harbertson in twenty-five minutes of the contest. No falls were secured.

A preliminary boxing exhibition was scheduled between Kid Herick of Ogden and Kid Smith of Sacramento. In the first round the Ogden lad put Yokel to sleep for the count with a right hand swing to the jaw.

The five-mile motor race was a fizzle.

## Shaw Gets New Job.

James D. Shaw has been named as chief clerk to F. N. Hess, auditor of dining cars, by the Ogden Elks. Shaw has been connected with Mr. Hess' office for three years.

## Ogden Briefs.

A twelve-pound baby boy was born to Mr. and Mrs. Henry Kissel last evening. The date of the road tax election in the Marriott district has been fixed for Monday, Aug. 27.

County Assessor Edwin Dix, accompanied by his two sisters, leaves today for Oregon, he is going to inspect the Oregon Short Line, returning from Twin Falls, passed through Ogden at 1 o'clock this morning on a local train.

J. Dyle, who claims to have been bitten by a snake, was examined as to his sanity by Drs. Osogood and Egan yesterday afternoon, and was committed to the state mental hospital at Provo.

Rulin Seibold, the 7-year-old son of J. W. Seibold of 2045 Jackson avenue, was kicked in the right eye by a colt yesterday and seriously injured. The eye was cut entirely from the socket. Fifteen stitches were required to close the wound. The case against E. E. Gunkel, who was charged with the shooting of a man, was postponed to the next session of the court.

## CHINA IN BETWEEN.

Both Russia and Japan Evade Payment of Customs Duties.

London, Aug. 9.—In a dispatch from Tokio the correspondent of the Daily Telegraph says it is stated with authority that Japan will only consent to the establishment of a Chinese custom house at Port Dalny to levy duties on goods proceeding inland beyond the Kwang Tung peninsula on condition that a similar station be inaugurated at the southern frontier railroad stations in northern Manchuria. It is asserted, the correspondent continues, that at present merchandise is pouring into Manchuria over the Siberian railroad, both from European Russia and Vladivostok, without the payment of duty. It can therefore be sold very cheaply. Russia's policy, the correspondent continues, obviously is to isolate Port Dalny and divert all the trade to Vladivostok in order to rob Japan of the fruits of victory.

## TRACES OF TIN AND ZINC POISON FOUND

Columbus, O., Aug. 8.—Reports of the analysis of twenty samples of potted ham, chicken, hamburger steak, luncheon sausage and similar preparations sold by meat packers submitted to State Dairy and Food Commissioner Ankney today show the presence of preservative and in some cases traces of tin and zinc poison. Some cases labeled "potted chicken" were found to be real.

Mr. Ankney will officially warn the manufacturers that their products will be kept out of the Ohio markets unless they comply with the law.
